

KARYL G. LEE, P.E.

PROJECT FACILITATOR

Ms. Lee is a licensed professional engineer in the state of Oklahoma, and has been working in the field of Structural and Civil Engineering since 1970. She has been involved in all aspects of the preparation of Plan Documents. She has worked on projects with precast concrete, poured in place concrete, steel and timber constructions. These projects include multiple span bridges, multi-story office buildings, hotels, medical and educational facilities, parking structures, shopping centers and manufacturing plants. Ms. Lee is involved in layout and geometrics. Over the years, Ms. Lee has written numerous programs in basic, pascal and lisp to facilitate plan production. She was the Drafting/Cad Supervisor until 1997 before she took on the role of Project Facilitator. She works with the Project Engineer, the Cad Supervisor, and the client to help assure that the client's needs are understood and met. Ms. Lee has been with White Engineering Associates, Inc. since its inception in 1976, and became an associate owner of the firm in 1992.
